U[LM]R

If you've been in Rolla for any length of time, you know its not just about books, (contrary to what we want our parents to think.) Of course, if you have an alumni for a parent, it might be harder to convince them that you really do study all the time. On the next few pages are some of the things you might choose to do when your parents think you're in class or home studying.

Clockwise from top left: Some students entertain themselves with a little football, coed team Twister, or a soapy slide down a back tarp. When those don't work, others try soccer or walking on their hands. For the faint of heart, there's always spectating in the rain.

Above: UMR's Miners fight to make a touchdown during the Homecoming game. Facing Top: During halftime the marching band performs some rousing numbers. Facing Bottom: St. Pat smiles as four ladies try to influence the judge.

During those special weeks at UMR, anything can happen, women begin doing the Hula on the Puck, grown men spin around on bats and fall down, and the godz' subjects are forced to eat pies without using hands.

Top Left: One of the floats in the Homecoming parade featured some of our favorite cartoon characters. Bottom Left: Joe Miner goes for a whirl in a gyroscope.

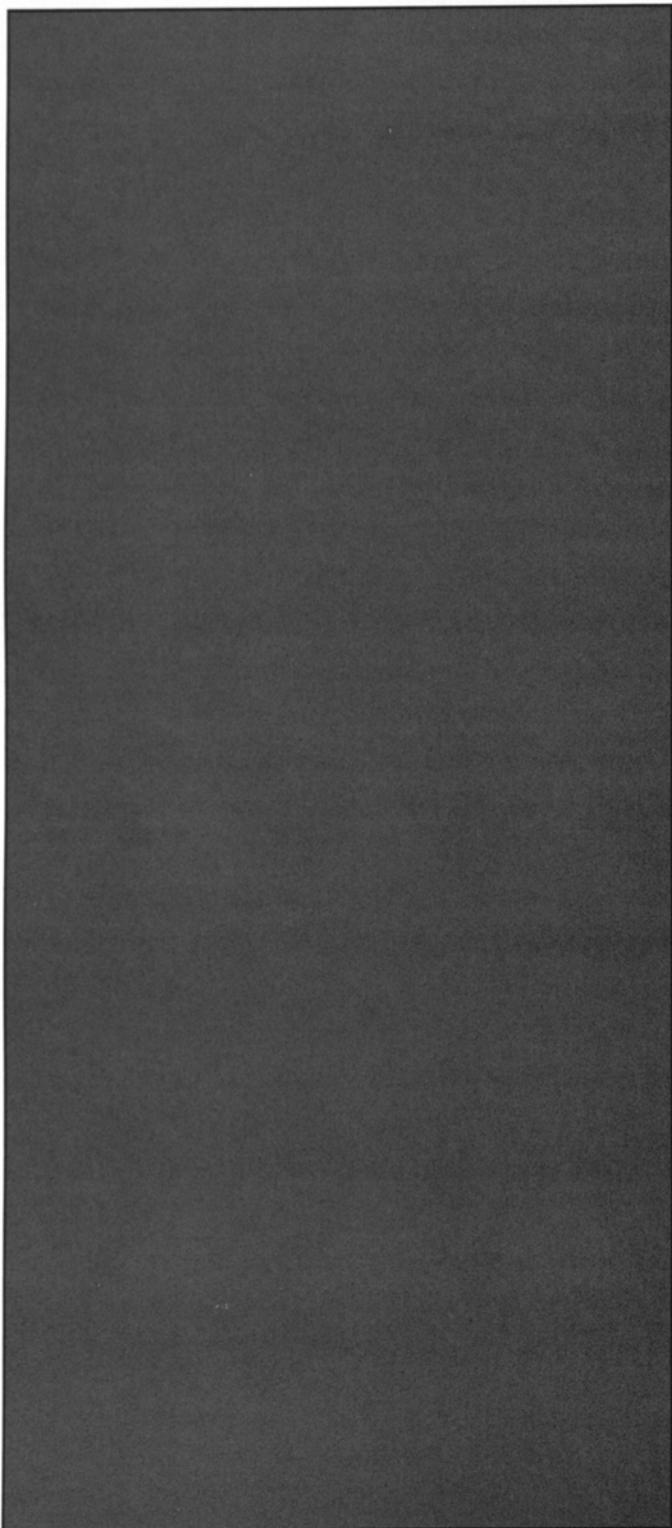

A few unique moments...

At Miner football games, the band, the crowd, and the cheerleaders are always daring each other into performing stunts. On the left, members of Two North are challenged by the cheerleaders to build a pyramid. On the bottom, Two North retaliated by asking all of the cheerleaders to kiss (or hug) Chancellor Park. Dr. Park graciously accepted.

Margaret Thatcher

One of the highlights of the 1993-1994 year was a visit from the United Kingdom's former Prime Minister, Margaret Thatcher. Mrs. Thatcher was the 18th person brought to UMR by the Remmers' Special Arts/Lecture Series. On February 7th, she spoke to a capacity crowd of more than 5000 people at the Gale Bullman Multipurpose Building. A few excerpts from her speech are below.

"In the end, there is no substitute for the leadership of the democratic nations, and our strategy of extending to the whole world the freedom of individual and the rule of law, the market economy, the oldest system known to man. And with representative democracy, that is the strategy. And you find that once people get that, there is no record in world history of an established democracy fighting another established democracy. Because democracy is rule by the people through a government, and that government can be turned out at any time."

"If we again keep our defenses strong and our message short, we shall find we will have a steadily improving century into the next century, but again always be prepared because the price of freedom is eternal vigilance. Now if that doesn't seem to be a very optimistic assessment, it is a very realistic assessment, with cautious optimism. I think perhaps the best thing of all is that most young people that I find as I go around have a desire to attach themselves to some greater cause greater than themselves and to know what they're doing is not only useful but it is right."

"I know all the difficulties with increasing crime, but my friends, every day there are millions, millions, millions, and millions of people in your country and mine going about their daily business—looking after their families, being responsible, showing some kind of responsibility to the community, contributing to the church, contributing to volunteer work. Millions, millions, and millions doing that. And there lies the strength of our countries."

A Slice of Rolla's Scenery

Above: Two photographs of UMR's Golf course. Right: A well known sign on one end of campus.

World Wrap-Up

Somalia-A small African country torn by clan wars. President Bush sent troops in to keep innocent Somalis from starving. President Clinton pulled the troops out to keep them from dying.

The Great Flood of '93-Probably the most spectacular natural disaster in recent history. Entire cities and counties were underwater. To the sandbaggers, it seemed like more sandbags were used in the flood than were used in the Gulf War. The Midwest showed off its sense of community when everyone pitched in to help.

Bill & Hillary Clinton-Along with their daughter Chelsea and Socks their cat, are the current residents of the White House.

Violence-The social crisis of the year. Kids with handguns; young adult murder rates continue to climb.

Bosnia-The former Yugoslavian province rocked by a bloody civil war. The sniper shoot anyone-including news crews and little old ladies.

Haiti-The democratic government was booted out by a military dictatorship. Boatloads of Haitians flee across the Gulf of Mexico to Florida trying to escape the economic and political chaos in Haiti only to be held up at refugee camps in Florida.

Michael Jackson-Accused of molesting a boy, addicted to pain killers, and afflicted with a skin disease. Isn't Never-Never Land a place of endless childhood happiness?

Richard Nixon-Former president Nixon died in late April.

John F. Kennedy-30th anniversary of his assassination by Lee Harvey Oswald.

Jacqueline Kennedy Onassis-Dies from non-Hodgkins cancer of the lymph system.

Peace in the Middle East-Israel and the Palestine Liberation Organization (PLO) sign a peace agreement. Rabin and Arafat shake hands at the monumental occasion.

Health Care-The great political event of the season. Hillary and Bill's dream of universal coverage could end up being a political nightmare.

Rebellion in Russia-Hard liners die hard. An attempted coup d'etat by hard line communists flops after Yeltsin shells the Russian White House. The world held its breath for a week.

Jordan Retires-After one of the most successful careers in the NBA, Michael Jordan retires prompted perhaps by the murder of his father. His new career in Major League baseball seems stuck, but the endorsements certainly aren't.

California-Disaster central. Firestorms, earthquakes, riots, crime, and a shrinking economy.

NAFTA-The North American Free Trade Agreement passed in 1994 whose intent was to remove tariff barriers and promote trade between Mexico, Canada and the United States.

German Skinheads-The nazi movement reborn in Germany. Many foreigners are assaulted included a member of the U.S. Bobsledding team.

North Korea-Despite a ban on nuclear bomb development, it appears that the North Koreans are devel-

oping nuclear weapons that could be used to strike South Korea or possibly Japan.

Schindler's List-The landmark Speilberg movie about a German who saves thousands of Jews from death by employing them in his factory.

Nancy & Tanya-At a skating competition, Tanya Harding's associates club Nancy Kerrigan with an iron bar in an attempt to prevent her from competing in the Winter Olympics. The most over-used story of the year.

Whitewater-The Clinton's land investment that went bad. Suspicious dealings made it perfect scandal material.

Beavis & Butthead-These two MTV cartoon clowns got bumped to late night after their antics inspired some youngsters to set fire to a house.

The Economy-It grew rapidly, about 7%, during the first quarter of 1994. Promptly, the Federal Reserve Board raised interest rated to prevent inflation in check.

Prozac-So, you want to be happy, successful, and confident; have your doctor prescribe this pill and for about \$70 a month you can feel good.

Winter Olympics-Held in Lillehammer, Norway and the surrounding countryside. Kerrigan won silver in figure skating. Jansen, Moe, and Blair won gold in men's speed skating, skiing, and women's speed skating. The Jamaican bobsled team did nearly as well as the Americans despite the American's \$500,000 custom built sled.

Aldrich Ames-A KGB mole who worked for the CIA. No one caught on despite the fact that Ames

drove a Jaguar and lived in a \$300,000 house. It makes you wonder what CIA really stands for.

Gambling & Smoking-Both were hot topics this year. Gambling bills found their way on to many ballots around the country. Smokers were banned from smoking in practically any closed in space.

Kurt Cobain-The lead singer of Seattle grunge band *Nirvana*. He committed suicide in late April.

Michael Faye-The American teenager who was given four lashes by a cane in Singapore for vandalizing property. The caning sparked discussion about crime and punishment prompting some lawmakers to proposed using caning on juvenile offenders in the United States.

Rwanda-The latest African nation to be torn by clan wars. Thousands of refugees were killed trying to escape into neighboring Tanzania.

South Africa-Formerly ruled by the white minority through apartheid, the country held its first all race elections this year.

Nelson Mandela-South African's newly elected black president. He was a political prisoner for more than twenty years before being released a few years ago.

Generation X-The generic name given to the generation born between 1967 and 1981. Supposedly, we are all lazy, apathetic, and just like to sit and watch MTV.

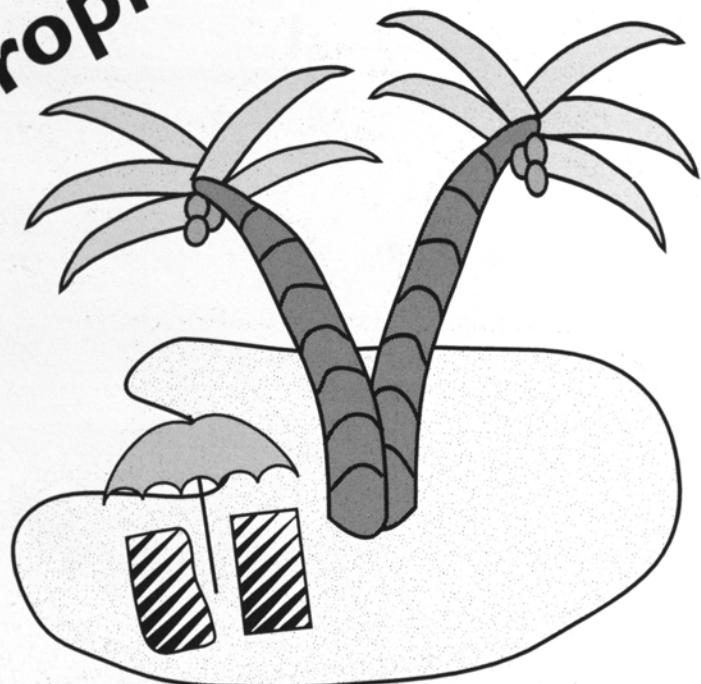

D-Day-June 6, 1994 marked the 50th anniversary of the beginning of the end of World War II in Europe. The people who survived that day once again filled the beaches of Normandy in rememberance of those who fought and died.

Tropical Paradise Hits Rolla

During the week of September 27th to October 2nd the UMR campus was transformed into a "Tropical Paradise" by the diligent work of the Student Union Board. The theme of Tropical Paradise was chosen in order to create an environment for fun and creativity. This week was a great success for every one who participated in or watched the games.

The games at the puck were the Egg Catapult, Lai Toss, Jell-O Wrestling, Food Eating Contest, Fantasy Hula Jingle, Tropical Joe Miner Look Alike, Mocktails, Bellyflop,

Kuiui Wheel Race, and Team Twister. There were many other activities planned for this week. On Monday students began voting for the Homecoming Queen, the Queen candidates were introduced to the student body, and Michael Pace entertained the students with his comedy at the puck. On Tuesday SUB provided the students with a 'Fisheads' concert at the Miner Recreational Building. Tuesday also marked the beginning of the Scavenger Hunt contest, clues were given Tuesday, Wednesday, and Thursday for the participants to use to discover secret items not on the public Scavenger Hunt list. On Friday there was an

Ice Cream Social on campus and the Homecoming participants decorated the front of their houses to welcome the alumni who came for the festivities. Friday night there was a Bonfire where students participated in Musical Lawn Chairs and Limbo contests.

On Saturday came the Homecoming game. The Miners were on the winning side of a 44 to 8 victory over Southwest Baptist. During the game the fans rode on the Gyroscope and ate at the Bar-B-Que. At Halftime the Queens and the overall winners were presented. Rakiyah Mason was named UMR's 1993 Homecoming Queen. The First runner-up was Sandy Junge, and Janice Struckoff was the Second runner-up. In the Homecoming overall standing Zeta Tau Alpha came in first with 650 points, Chi Omega received second with 610 points, and Pi Kappa Alpha was third with 600 points.

After the game and all of the excitement was over, Miners past and present relaxed to the SUB movies *Captain Ron*, and *Moon Over Parador*, remembering the good times they had over the past week and in weeks past.

Still The Best Ever

Once again the 1994 86th Annual St. Pats was considered the "Best Ever" and each year UMR students strive to make the next celebration better. The preparation started early in the school year with the dedicated, persistent and usually enthusiastic sales of the St. Pats sweatshirts.

With the arrival of the week of St. Pats, came the Monday morning Snake invasion. Freshman wielding shillelaghs made from locally selected small trees patrolled the campus for these

Photo by Tracey Davis

St. Pat's 1994

Photo by James Anderson

crawling invaders. With the elimination of these reptiles the festivities began, a task very successfully carried out.

In the afternoon on Monday and Tuesday students gathered at the puck to watch the Follies. The contests were the Full Beard Contest, Novelty Beard, Greenest Person, Hugger Stacking, and Best St. Pats Jingle. Then there were the minute contests which were Most Sweatshirts on, Most Garters on, and Most Sweatpants on. These were

followed by Most Consecutive Year's Buttons, and Most St. Pats Buttons on a Sweatshirt.

Wednesday brought the arrival of St. Pat and His court to the Bandshell via the railroad handcar. Continuing from that location were more Follies including the Men's Shillelagh Contest, Leprechaun Look-A-Like, Best Definition of St. Pats, Old St. Pats Sweatshirt and Women's Walking Stick.

Photo by Jason Meriwether

Boat Race. Music was provided by KMNR.

Saturday morning started with St. Pat and Court starting down Pine Street with the traditional St. Pats Parade following. In the afternoon the Knighting Ceremony was held at the Football Field with ALICE as the honored Guest. Many gathered to experience the ceremony and to watch as those chosen were "selected" by the knights, kissed the Kings foot and dipped into the belly of ALICE. Few enter ALICE and each who does comes out a changed person.

The week of St. Pats was wrapped up with the concert provided by the '**Gin Blossoms**' at the Multi Purpose Building.

Overall, St. Pats once again proved that anyone can appreciate this Irish Holiday and it seems as though all found time to let loose from the druggery of school work.

Many thanks to the Miner Staff for the use of their photos.

Seven Days of Greek Fun

Tuesday, April 12th marked the beginning of the Greek Week events with a Blood Drive at Kappa Sigma. On Thursday and Friday of the same week, Blood Drives were held at Centennial Hall, where 500 pints of blood were raised, and 500 other people tried to give and were deferred.

The Opening Ceremonies at Beta Sigma Psi were held on Saturday April 16th. KMNR was there to provide musical entertainment. Also held at Beta Sigma Psi were the Opening Games and the Race Chariot qualifications which directly followed the Opening Ceremonies. On Monday

Photo by: Eric Achelpohl

Miner's Outkick Competition

This fall the UMR mens cross country team shocked the MIAA conference and the Great Lakes Region with their improved performance and youth. The Running Miners opened their season in good form by placing second to Lindenwood College at the Lindenwood College Lions Invitational. The very next week UMR avenged their loss to Lindenwood College en route to a championship title at the SIU-Edwardsville Twilight Classic. Among those falling to the Miners were NCAA Division II power SIU-Edwardsville and NCAA Division I SEMO. After the Twilight Invitational the Running Miners were ranked in the top five of the region. The cross country team continued to showcase their abilities through the Miner Invitational, where they took fourth, in what would probably be their finest team performance of the year. After losing one of their top runners to injury, the Miners went on to place fourth in the MIAA conference meet, which was their highest conference finish in years. At the Great Lakes Regional meet they went on to finish 12th out of 30.

The Miners were lead by two strong senior captains in Steven Hostetter and Rob VanDerWall. Hostetter won the Lions Invitational, placed second at the Twilight Classic, fourth at the Miner Invitational, and a record tying fourth at the MIAA conference meet. Rob VanDerWall placed third at the Lions Invitational, fourth at the Twilight Classic, and fourteenth at the Miner Invitational. Complementing the senior leadership was junior Steve Young, sophomores Bob Etien, Jon Andrews, Kevin Schwalje, and freshmen Ryan Unterreiner and Craig McCauley.

The UMR Running Miners are looking forward to continued domination of the competition as they set their goals for next fall.

Wilson Qualifies, Team Rebuilds

The UMR womens' cross country team had a difficult time filling a roster this last fall. There were never five women able to race in any one meet, but there were five that were able to compete during the season. The women Running Miners were lead by senior captain Becky Wilson. She proved that she was the competition in every race she ran. Wilson's performances this fall included first place finishes at the Lions Invitational in Saint Charles, Missouri, and the Twilight Classic at Edwardsville, Illinois, second place finishes at the MIAA conference meet in Warrensburg, Missouri, and the Great Lakes Regional meet in Joplin, Missouri. Wilson's high finish at regionals qualified her for the NCAA Division II National Cross Country meet held in Riverside, California, where she placed 52nd. This fall Wilson earned MIAA Runner of the Week, MIAA Academic All-Conference and NCAA Division II Academic All-American honors.

The Lady Miners had solid performances from three first year collegiate runners. The contributing women were: freshman Jennifer Frazer, junior Shannon Parker and senior Juanita Benedicto. Next year the women are hoping to have a full team and start their climb to the top of the MIAA Conference.

Season of Record Breakers

The UMR football team began their centennial season in an impressive manner. In their season opener they shutout Iowa Wesleyan with a 32-0 win. This was the first time the Miners had shutout an opponent since 1988. In the second game of the season, and the 800th game in UMR history, the Miners defeated Washburn University, 38-14. The win against Washburn helped the Miners open the season with two wins, which has not happened since 1986. After the two consecutive wins the Miners went on to win one of their last eight games.

Even though the Miners finished the season with a six game losing streak, there were many solid individual performances. Eivind Listerud tied the UMR single-season record with 12 field goals with 13 attempts, which tied for fourth in the NCAA II in field goals. He also made 32 of 35 of his placekick attempts and lead the team in points with 56. Matt Henry finished the season with 58 tackles and four interceptions. He also averaged 10.8 yards a punt return, which ranked 22nd nationally and first in the MIAA. Ernest Brown became the second player in UMR history to surpass the 1,000 yard mark for a season. He finished third in the conference with 1050 yards. Brown also had six 100 yard games and nine touchdowns. Chris Dawson lead the team with 38 catches for 516 yards. Mike Wise set UMR's total offense record with 4,225 yards. He had 12 touchdowns and 1,242 yards, while running for 311 yards this season. Cary Lange led the Miners with 109 tackles while Darin Nix had 63 tackles and a team high six interceptions.

Six Miners were named to the MIAA all-conference team. Chosen to the first team were Eivind Listerud, Jerry Wallock, and Matt Henry. Ernest Brown, Chris Dawson, and Bill Smith were selected to the second team. Mike Wise, Kevin Hug, Cary Lange, and Darin Nix earned honorable mention. Eivind Listerud was also named to the Kodak All-American team as well as the GTE second-team Academic All-American team. Five all-conference selections, Jerry Wallock, Matt Henry, Ernest Brown, Cary Lange, and Darin Nix will all return for the next season.

Young Team Searches for .500

The men's soccer team hoped to crack the .500 mark this season after an 8-9 season the previous year but ended up having a very rough fall. Part of UMR's difficulty may have been due to the fact that the team only returned four starters from last year. Included were: the leading scorer from the previous two seasons, Jim Chapman, Phil Hahn in the goalie position, Scott Harrison in the midfield and Andy Jenkins at defense. Many of the seven remaining positions were filled by freshmen.

The season ended with the Miners accumulating a 4-13 record. Many of the loses that were dealt to the men were lopsided in the scoring column. The four wins for UMR came against McKendree College, Lincoln University, Southwest Baptist University and Westminster (who they shutout).

Junior Jim Chapman continued, for the third year, as the high scorer for the soccer team, and will undoubtedly return next year to defend his scoring title. Freshman goalie Ethan Hayden recorded the only shutout for the Miners the whole season against Westminster.

Next year the men's soccer team will have a lot more experience and hopefully will be able to show a little more strength in dispatching their opponents.

Season Ends in Victory

The UMR women's soccer team had one of it's toughest seasons yet. The girls came across some tough teams in the conference this year, and although they played some good soccer, the results in the end were not good enough to get them into the MIAA tournament. The girl's season ended on a high note as the team rallied to beat Washington University in a 2-0 shutout.

The only two seniors on the team, Cathlin Maloney and Angela Passinise were good leaders on and off the field. Cathlin earned the Most Valuable Player award. Both girls will be missed next year.

New additions to the team included Carrie Eyerkuss, Rachel Lewis, Sarah Maxon and Zachlyn Thompson. These four freshmen along with sophomore standouts Stephanie Ingalls and Katie Masterman will return next season ready to win.

MIAA Proves Tough for Miners

The Miner basketball squad began the season with a bang as the men stacked up an 8-2 record before contests within the MIAA conference commenced. However the conference competition proved to be formidable as the Miners finished the season with a 3-13 tally against MIAA opponents. The final overall record for the UMR basketball team, 11-15, was under the .500 mark that Coach Dale Martin was hoping to crack.

Team scoring was lead by three Miners who each averaged double digit figures. Sophomore Jamie Brueggeman and senior James Sinner tied for the top scoring honors with 12.6 points per game and freshman Tim Holloway followed closely as the third highest Miner scorer. Defensively, the Miners were helped out by early in the season by senior guard Rod Jackson who broke the UMR school record for steals.

Next year the Miners will return a young team in the hopes of making the MIAA conference tournament and climbing to the top of the league.

Lady Miners Struggle to Finish a Winning Season

The basketball season for the women got off to a superb start as they stacked up a 11-1 record for their first 12 games, losing only to Division I Kansas State. As the season wore on, however, the Lady Miners suffered a slew of loses brought on by inconsistent play. They finished the season with a 17-10 overall record, which was improved over last year, and a 8-8 record in the MIAA conference. The Lady Miners also won the East Texas State Tournament, TWU Thanksgiving Classic and the SIU-E Tournament.

Scoring was lead by senior Joe Kvetensky as she broke the UMR all-time scoring record with 1484 career points. This includes 520 points in her senior year alone, making her the leading scorer in the MIAA. Kvetensky averaged 19.3 points per game which also helped in placing her on the MIAA first team all-conference for the second year in a row.

Christie Williams averaged 11.4 points a game and led the Miners with 102 assists en route to being selected as an honorable mention to the all-MIAA conference team. The Lady Miners will return Williams, Katherine Kersten and Heather Hartman along with a deep bench in hopes a completing a full season of good basketball.

Swim Team Dominates Again

The UMR swimming and diving team finished yet another successful season winning important meets such as the Washington University Relays, Big Blue Invitational, Washington University Invitational and the Mideast Regional Championship for the second consecutive year.

The team included five freshmen standouts: Randy Jones, Eric Midden, John Mikrut, Brandt Modlin and Bill Unzicker in addition to divers Jason Peters and Kristen Rinkor. Unzicker, along with Dikan Rendik met qualifying marks to compete in the NCAA Division II National meet.

Head coach Mark Mullin was "very pleased" with the team's performance this year and commented that, "it was not just the efforts turned in by one or two of the swimmers this past year. The team worked hard and well together and it showed in the meets."

The UMR swim team will not lose any of its members to graduation therefore returning a very young and strong team next year. In addition to being one of the top teams in Division II swimming, the swim team has been named to the All-Academic team seven times in the past eight years.

Searching for Victory

The UMR men's baseball team concluded a rather disappointing season April 21, 1994 in the rain as their final game (a doubleheader against Lindenwood College) got called after 3 1/2 innings of play. The Miners finished the year with a 8-26 record overall, 0-15 in league play. Chad Fuesting (Effingham, IL) led the Miners with a .279 batting average. Nathan Wade (Springfield, IL) is second on the team with a .270 batting average. The top Miner pitchers Pete Mueller, Mike Williams and Kevin Hill had earned run averages of 1.93, 2.91, and 3 respectively.

The Miner team is still young and is looking towards next season after having spent this season rebuilding and working with several new players. Although the Miners lost 19 out of their last 21 games, the players kept a positive attitude and did not give up.

Young Team Makes Great Strides

The UMR softball team proved itself this past season coming out of the MIAA tournament ranked as number five in Division II softball. With 5 of its members earning Honorable Mention All-Conference honors and two breaking school and national records, it would be a surprise to say that they did not have a successful winning season.

The Lady Miners were 26-21 overall and went into tournament play seeded fifth. At the end of the tournament, after losing to the last seed, beating the second and sixth seeds, and finally losing to the first seed, the girls came home - still number five.

Sophomore Stephanie Ingalls earned Honorable Mention All-Conference and Scholar Athlete honors as well as breaking the school record of most walks in a season. The record was 19, Ingalls had 25. Teri Marvich earned Honorable Mention All-Conference honors as well as Scholar Athlete MIAA. Kristen King and Mary Roherbacher earned Honorable Mention All-Conference honors while Melanie Rohrer as well earned Honorable Mention All-Conference honors not to mention Rohrer broke the national record for most steals in a game setting the new record at 6. The team loses Troci Keene to graduation. This loss will affect the team as Keene was one of the top hitters.

Overall, the girls felt that they played some great softball this past year, and being a young team that works so hard and well together, they hope to improve their place in the MIAA conference.

Tennis

Left to right: Front Row: Haasan Mansoor, Jorge Valle, Matt Hamlin, Steve Cezus. Back Row: John-Mark Gardener, Methi Bengisu, Ryan Saffels, William Zung. Head Coach: Todd Franklin.

Season Highlighted by Men's Doubles

The UMR men's tennis team had a rather difficult time during their 1994 season. The team, very young, faced some tough teams in conference play and although they felt they played good tennis, the players were not pleased with the outcome of several matches.

Seventeen year old freshman sensation, Methi Bengisu led the team holding the number one spot all year. Bengisu toyed with an ankle injury for a large part of the season yet was determined to stick the entire season out.

Although the individual matches did not go too well, the Miner doubles teams of Steve Cezus and Jorge Valle, John Gardner and William Zung, and Bengisu and Matt Hamlin usually came through for the Miners winning 5-4 decisions.

Overall, the Miners played well and kept a positive attitude and will be conditioned and ready to begin play next spring.

Serena Jagtiani

Golf

Members of the team: Troy Pinkerton, Shane Quimby, Eric Ziegele, Brian Panka, Ryan Morris, Jeff Neeman, Head Coach Bud Mercer.

Golf Team Folds in Tournament Play

The golf team struggled the whole year to get out of the cellar, but ended up taking last at the MIAA Championships held at Osage Beach, as they finished the 54-hole tournament with a score of 1043.

The Miners were led much of the year by senior Ryan Morris, however Brian Panka turned in the lowest score for the Miners at the conference tournament. Panka was followed by Morris and Shane Quimby rounded out the top three for the UMR golf team in league tournament competition.

Steve Young

Men's and Women's Track

Photo by: James Stanfield

Craig Sorensen shows what it takes to qualify for Nationals in the high jump.

Photo by: Carlee Preston

Left to right: Front Row: Kevin Schwalje, Anna Copelin, Brandon Graham, Dyan Rycher, Ryan Unterreiner, Tom O'Neill, Maja Lundein. Back Row: Craig Sorensen, Crazy Bob Etien, Jon Andrews, Brian Collingham, Dave Borrok. Women's Head Coach: Sarah Preston. Men's Head Coach: Les Boyum.

Citius, Altius, Fortius

This spring the men's and women's track teams had difficulty finding athletes to compete in many events, but showed strength in the events in which they did have competitors. Craig Sorensen was the men's leading scorer both indoors and outdoors. Sorensen was a national qualifier in the indoor high jump, national provisional qualifier outdoors and a school record holder with jumps of 6 feet 10.75 inches both indoors and outdoors. Sorensen was the MIAA outdoor champion in the high jump as well. Also contributing to the Miner scoring force were: Kevin Schwalje who placed third in the indoor 1000 meter dash, Brandon Graham with his All-Conference performance in the indoor 600 meter dash, Marc McManus who set the school record in the outdoor hammer throw, Ryan Unterreiner who ran 4:03 in the outdoor 1500 meter run, Ben Fish with his time of 56.50 for the 400 meter intermediate hurdle race and Crazy Bob Etien who raced the outdoor 10,000 meter run this spring.

The Lady Tracksters had several women step up in the scoring this year. The scoring leader both indoors and outdoors was Becky Wilson. Included in her long list of accomplishments was a provisional national qualifying and MIAA record performance of 17:58 in the indoor 5000 meter run and a provisional qualifying, school record and MIAA record time of 38:19 in the outdoor 10,000 meter run. Wilson received MIAA Athlete of the Week honors as well. The Lady Miners also had great performances from: Kim Finke who set a school record and provisionally qualified for indoor nationals in the high jump with a leap of 5 feet 4.25 inches, Dyan Rysher with her All-Conference finish in the women's heptathlon and school record in the long jump, Maja Lundein who placed in both the javelin and shot put in the conference meet and Jennifer Frazer who broke the UMR women's 10,000 meter record this season (Becky Wilson broke it again the very next week at the conference meet).

Arsenic & Old Lace

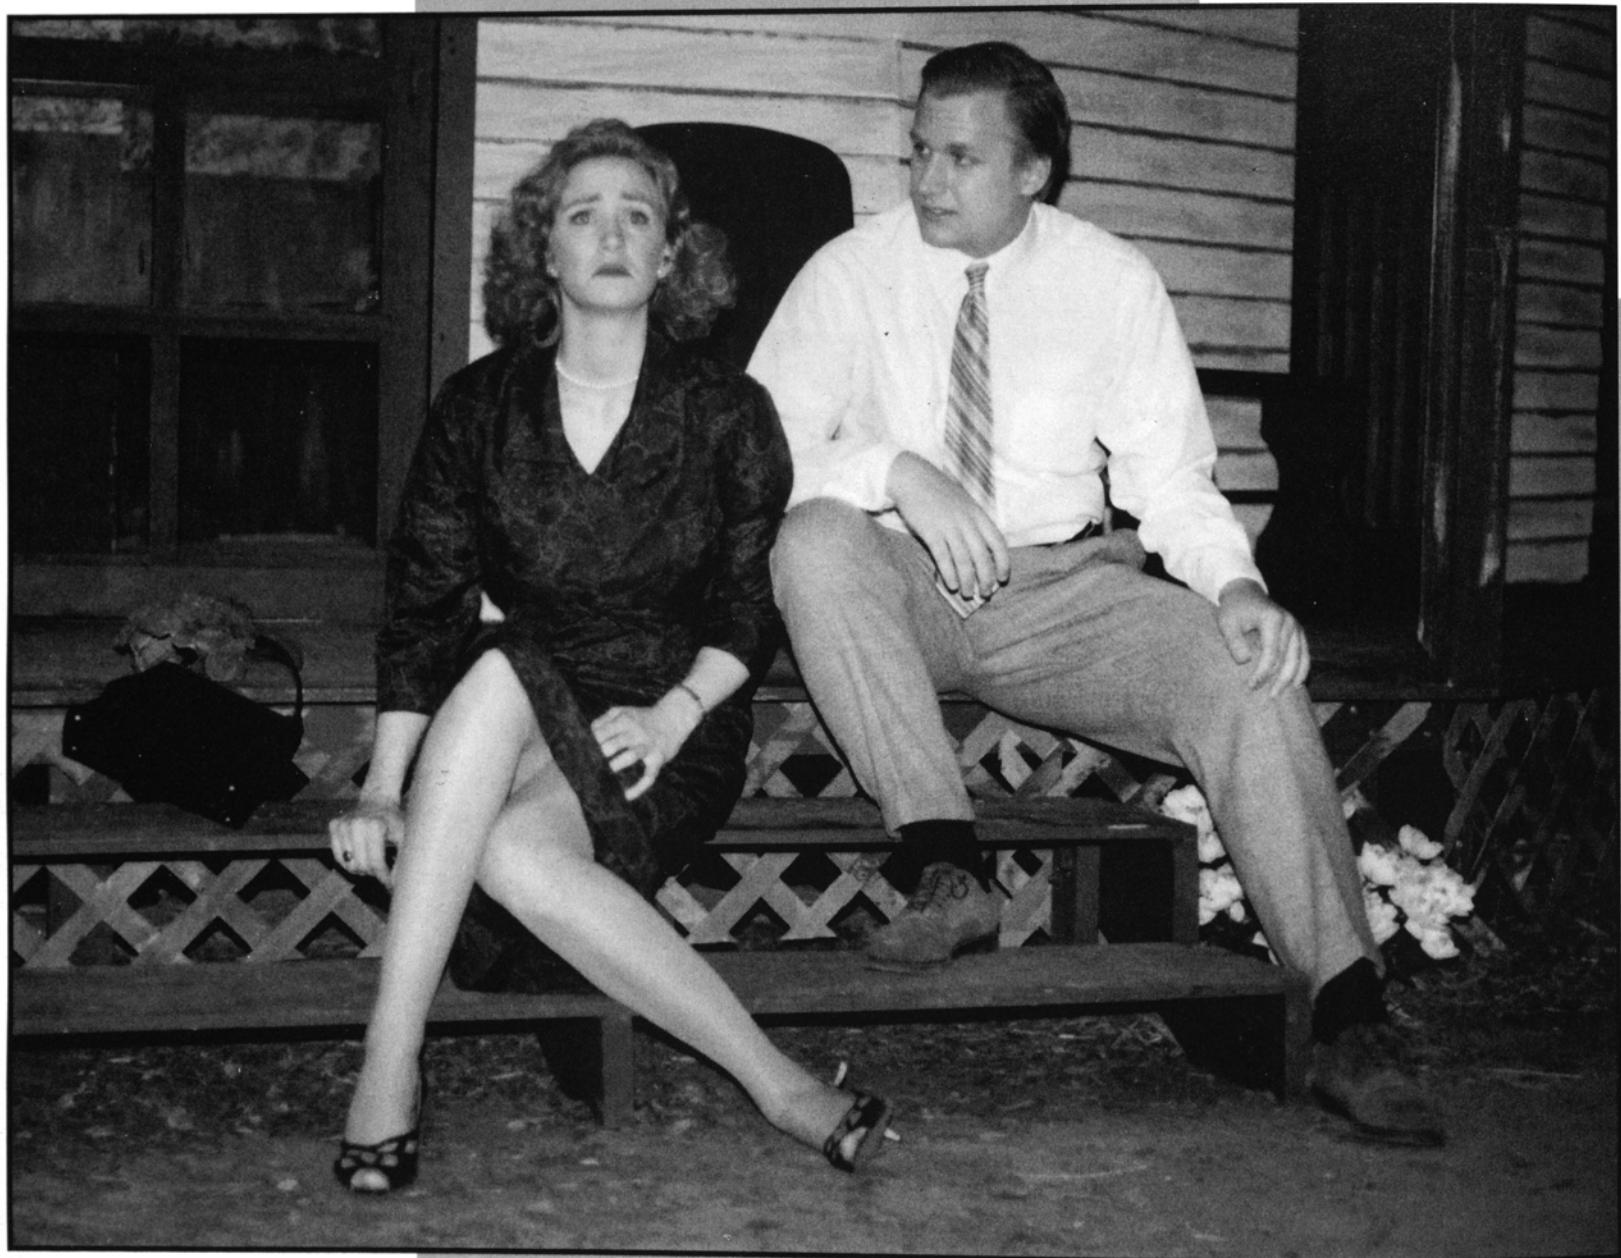

Above Left: Even the police are deceived by the seemingly innocent spinsters.

Above Right: The two ladies give each other a whimsical smile while another victim drinks the deadly concoction.

Arsenic & Old Lace is an interesting play about murder and madness. Two gracious, insane old spinsters kindly receive men who are strangely never heard from again. The grandmotherly women put the men out of their misery by serving them food laced with arsenic. Their deeds go unnoticed for some time before the bodies are discovered in the cellar.

PICNIC

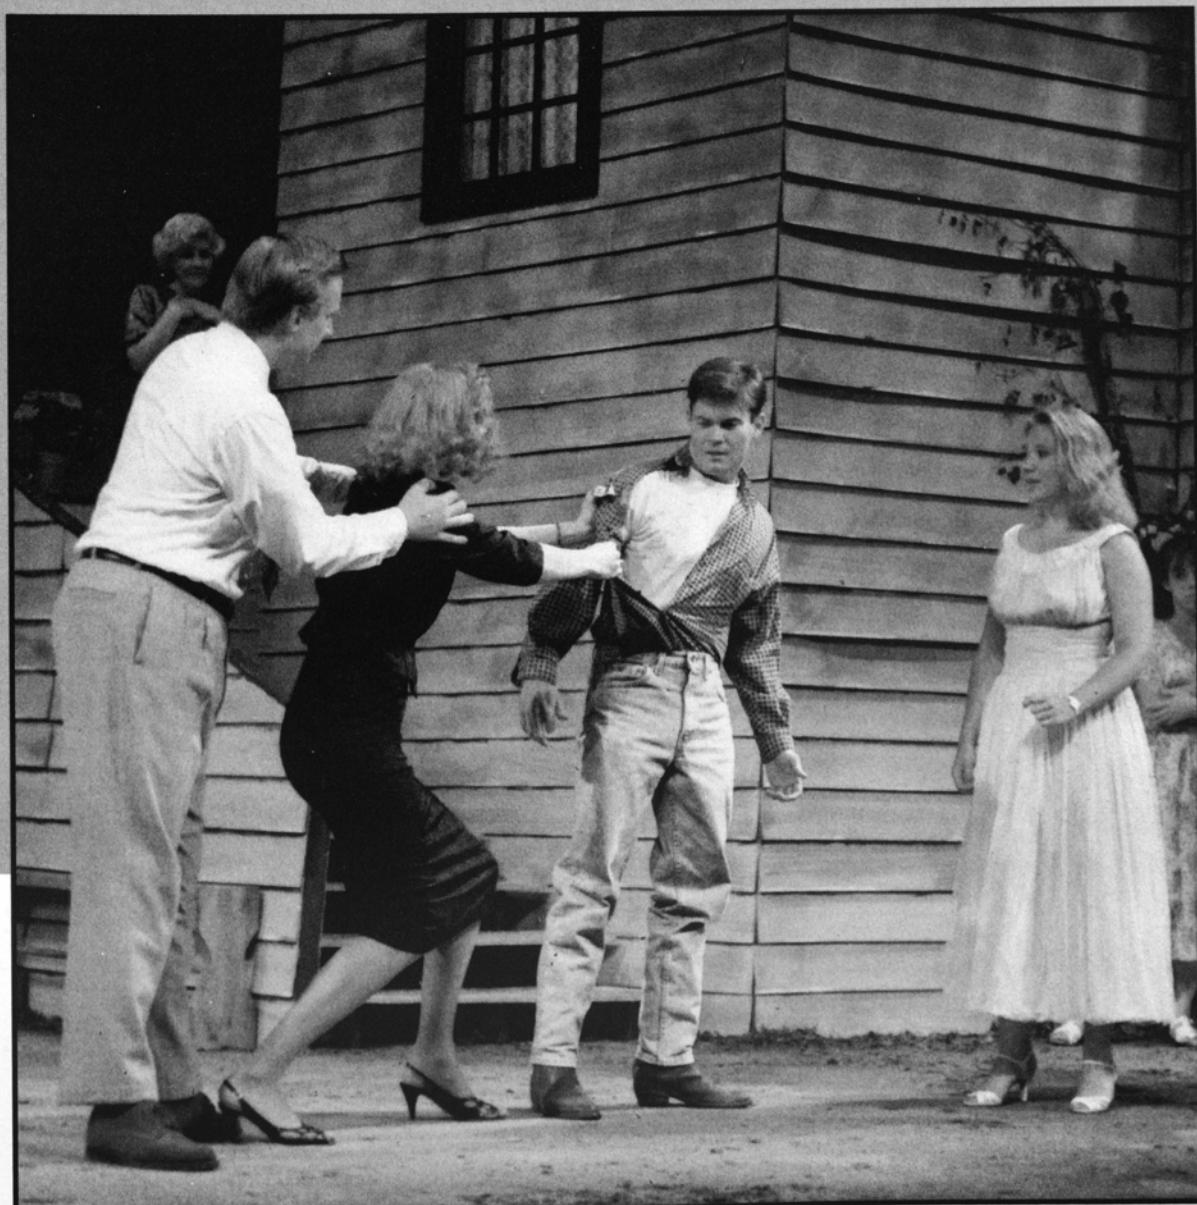

Top: Rosemary (Nancy Sparlin) and Howard (Kevin Solofra) discuss their future together.

Right: Hal (Jonathan Oliver) tells Madge (Lisa Cutler) about another of his many extraordinary adventures.

Picnic, the Pulitzer Prize winning play by William Inge, is another one of the dramatic masterpieces performed at UMR this school year. The play is about a small Arkansas town whose peaceful balance is upset by the entrance of a young, handsome jock. The complexity of emotions and relationships is explored as the characters fall in love, get married, and mature.

Top: Flo (Amy Voss) gives Howard some instructions.

Left: More than anything, Rosemary wants Hal to dance with her.

CHOIR & BAND

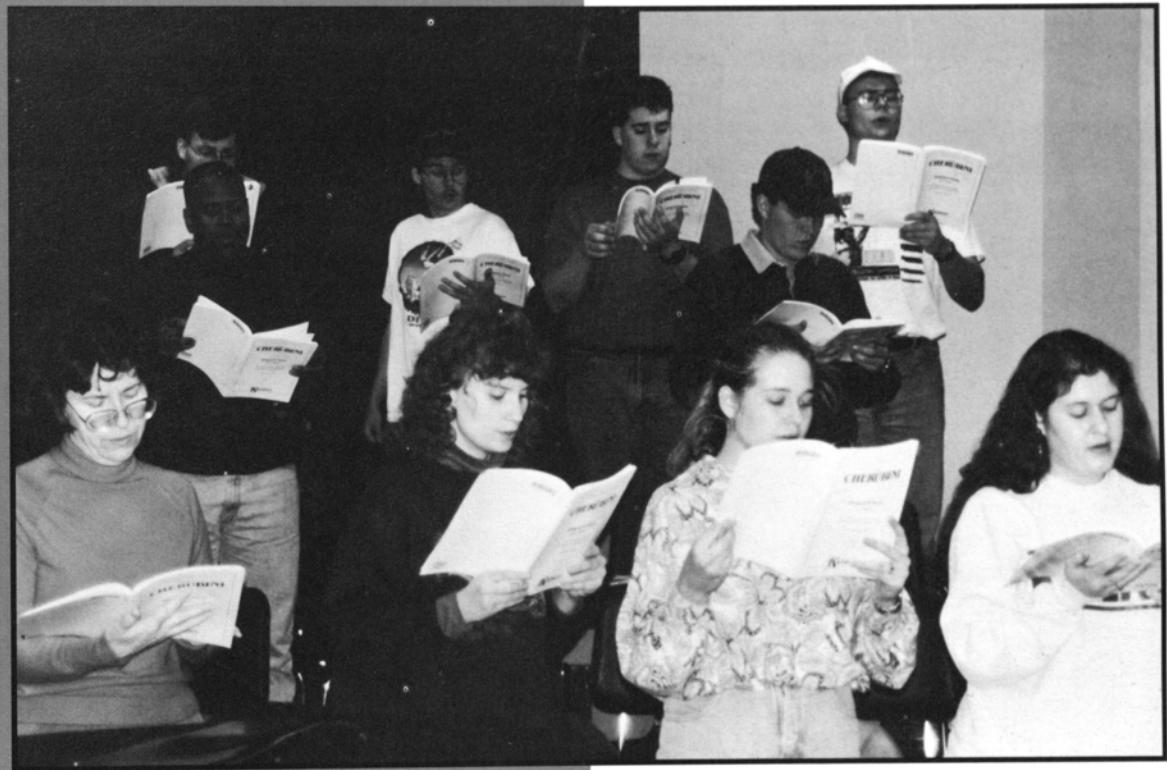

Top: Spectacular costumes accentuate wonderful voices at a medieval performance.

Right, Facing Top: The choir, directed by Joel Kramme, practices Cherubini.

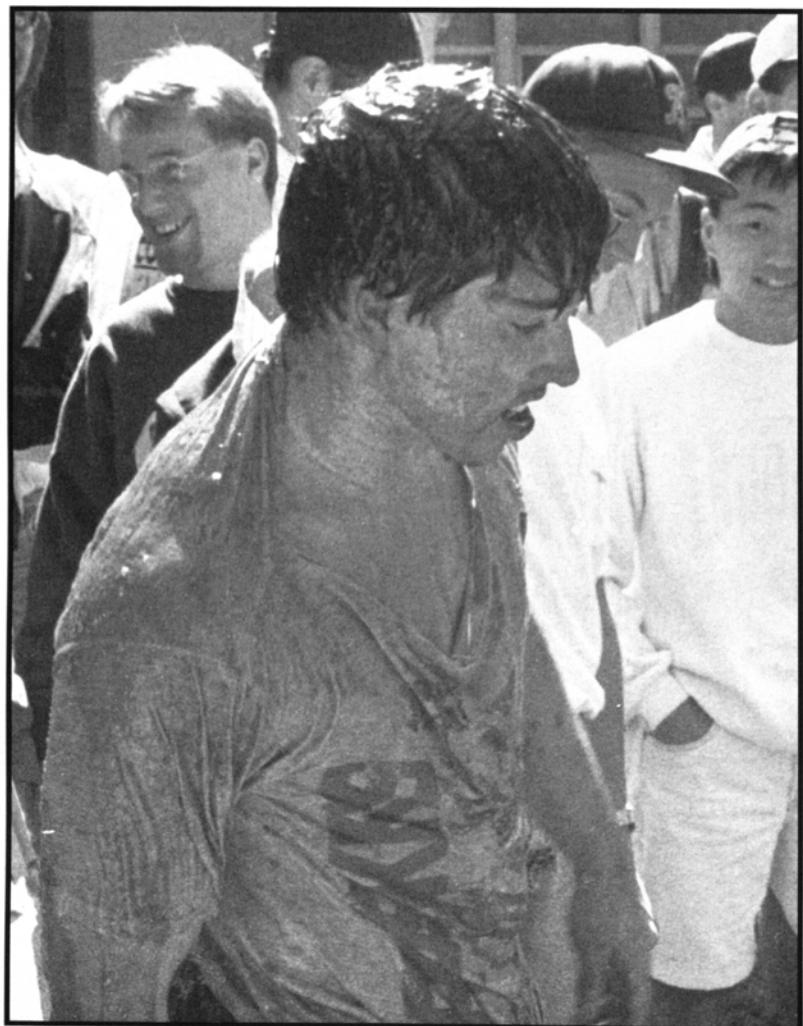

Facing Right: A quartet of monks performs a trombone piece.

Life in the Residence Halls

What makes the UMR Residence Halls more than just dorms?
Hall Government.

The Thomas Jefferson and Quadrangle complexes are governed by the Thomas Jefferson Hall Association (TJHA) and the Quadrangle Hall Association (QHA), respectively. Each of these bodies consists of an executive board, elected the previous semester by all the residents of the respective hall, along with the board of governors. Each house/floor elects one voting governor and lieutenant governor to be their representatives at the meetings.

TJHA and QHA are responsible for improving the standard of living within their complexes. Some of their important roles this year have included Fall Fest, upgrading equipment in each hall's computer labs, purchasing items available for use by all the residents such as new sports equipment, games, videos, and magazine subscriptions.

The Residence Hall Association (RHA) links together THJA and QHA and allocates money to them. RHA is composed of an executive board elected the previous year by RHA, members-at-large from the Quad and TJ, executive boards of QHA and TJHA, and several committee chairs.

The Home Improvement and Retention Committee works closely with the Department of Residential Life to improve the standard of living within the halls, while the Student Awareness Committee addresses particular concerns of students and publishes a monthly newsletter.

National Residence Hall Honorary (NRHH) consists of the top one percent of students living in the residence halls. Their goal is to recognize and promote leadership within the halls. New members are elected by NRHH after nominations by hall government leaders at the end of each semester. Each month, NRHH elects OTM's, 'of-the-months'. These are awards to honor outstanding contributions to the halls within each month, for example, student of the month, R.A. of the month, and executive board member of the month.

Hall government was responsible for the majority of the social and

informational events within the residence halls this year. The fun began at the start of the year with Fall Fest, a collection of social and informational programs to make residents feel more at home the first few weeks of school. RHA's annual boat cruise was held at Lake of the Ozarks; the residents experienced quite an eventful bus ride on the way there. NRHH sponsored a leadership forum to heighten leadership abilities and spirit among the new hall leaders for the upcoming year. For Homecoming, residents enjoyed the Jump in the Hay with RHA, a combination barn dance, bonfire, and hayride. The semester was brought to a close with RHA's annual semi-formal dance, Snowball.

Over St.Pat's, RHA held a dance, Shamrocker, and a mocktails bar was set up in the TJ North Lounge. In April, RHA repeated last year's successful charity fundraiser, a twenty-four hour volleyball marathon. All proceeds were donated to the American Red Cross. RHA also sponsored an indoor soccer tournament for the halls.

To close the semester, the Department of Residential Life held a banquet for hall government leaders and resident assistants. Many awards were presented including 'of-the-years' elected by RHA from NRHH's 'of-the-months'. They were : Social Program--Club Cafe, Educational Program--the Missouri Extravaganza Conference, R.A.--Brends Wieseler, Executive Board Member--Barry Litchfield, and Student--Charles Myers and Natalie Dixon.

Playtime

Athletic Housing

Swimmers House

Although residential halls, fraternities, sororities, and apartments are fun to live at, athletic houses are far better. The qualifications are strict; however, for living in such fine residencies. They are as follows: 1) Residents must be in a varsity athletic sport. 2) Residents must be cool. 3) Residents must like to have fun. The swimmers' house is one of several athletic houses at UMR which meet these qualifications. The Swimmers' House, perhaps the most popular house on campus, offers many dances, games, and other miscellaneous activities. Swimmers' House members and associates include the following: Keith "Herb" Thompson, Bill "Bounty" Elmore, Randy "Rudolph" Jones, Wade Haggstrom, Jay Meyers, Rob "Squatch" Hagen, Brad Cozad, Bill "Jr." Unzicker, Brandt Modlin, John "Capone" Mikrut, Peter "Sunshine" Baumstark, Eric "Little Ed" Midden, Dikan Rendic, Jeff "Slow" Winslow, David "Homey" Cadoff, Michael "Holmo" Holm, Derek "Flabio" Olander, Travis "Crevous" McGee, Brain "Ramsey" Rimmy, Mark "Moanzo" Munoz, Mike "Zoggaroni" Zogg, Chris "Freshman" Upp, and Ed "Hoimen" Midden.

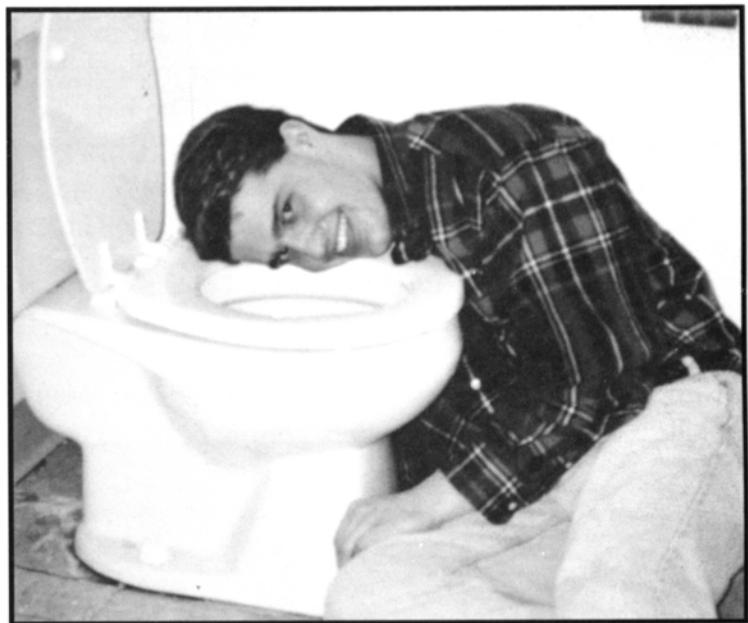

The Swimmer's live by many quotes: "It will all work out in the end" "Deez Nuts" & "Go in hard and come out wet." If your cool, vist your nearest Swimmer's House, you will not be disappointed. But please, no girl fights.

Swimmer's House Prom

Swimmer's House Post-Party

Swimmer's House Residents (Hosts)

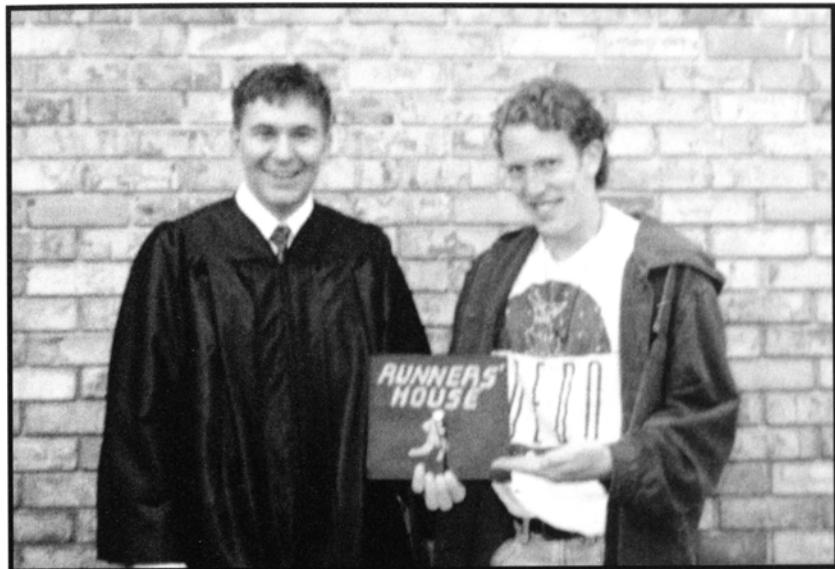

Runner's House

The Runners' House offers a more alternative approach to activities. Some of the annual events they participate in include: Runners vs. Swimmers softball game, spades tournament, St. Pats day slammers, and evictions. Although the Runners' House resided in three different locations in the last three semesters, the newest house (permanent) is located behind Pizza Inn by TJ. So if you want to go crazy with Bob, be a Runners' House groupie.

Runner's House members and associates include: Jon "Man in the Box" Andrews, Crazy Bob Etein, Semi-Crazy Craig, Chris Wildschuetz, Steve "catfish" Young, The Hos "Steve Hostettter", James "Go to Bell" Stanfield, Ryan Unterreinnder, Rob VanDerWall, Brain "Collegeham/Chop" Collingham, Justin "Chester" Teiken, and last but least Kevin "Ballcheese" Schwajie. Runners' House Groupies include Shane Quimby, Roxanne, Jennifer, Serena, Amy, Bart, Coach, Cheryl, "Home Boy Courtney Mapp-Yeah Boy", Dustin Gibbons, Lewis n Clark, Jessica, and Dave Borrok et.al.

Runner's House members (L to R) Standing: Jon "Man in the Box", catfish, Chris, Ryan. On top of Station Wagon: James, College, Semi-Crazy, Crazy-Bob, Dustin, & Rob.

Rob & The Hos proudly present
the Runner's House logo.

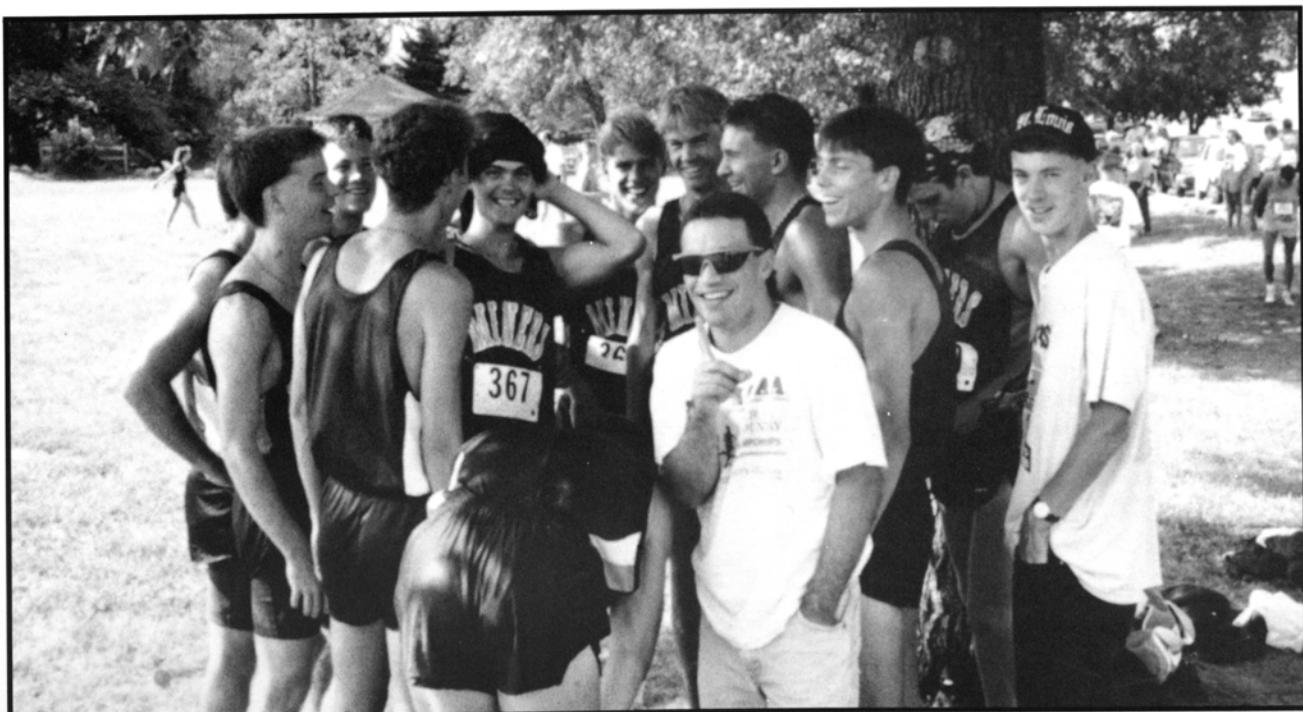

Just Relax

Runner's House Quotes:

- Ryan "Here Pouchie-Pouchie"
Bob "I'm hungry & O.K."
Craig "76 - 7 = ? & Forget it,
I don't care"
"The Million-Mile Bed"

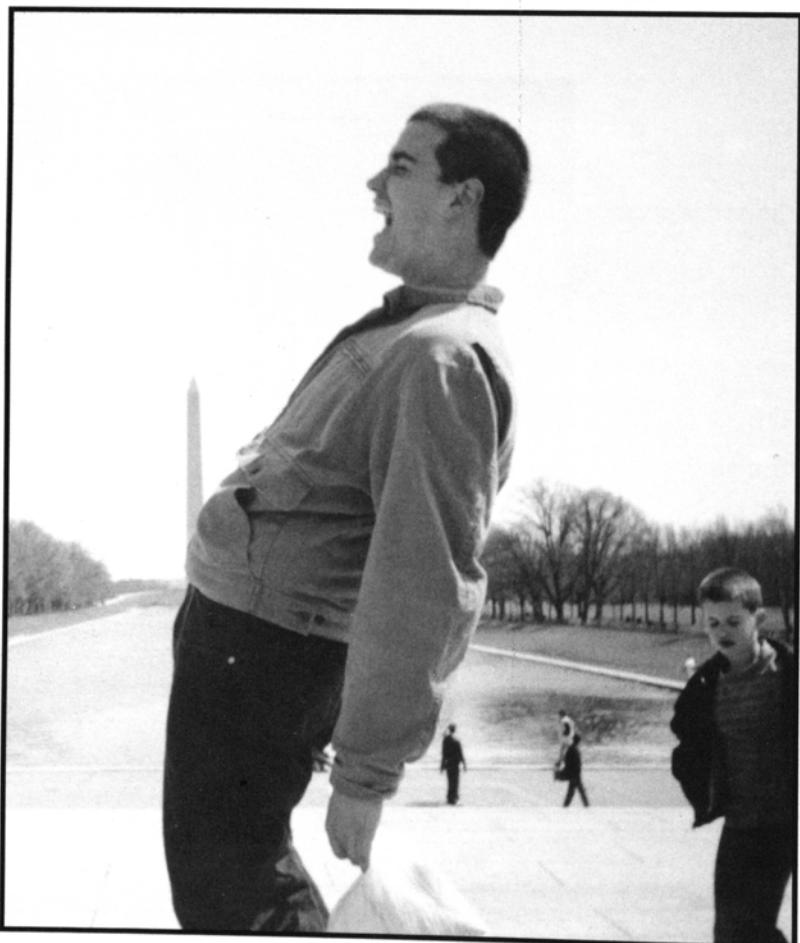

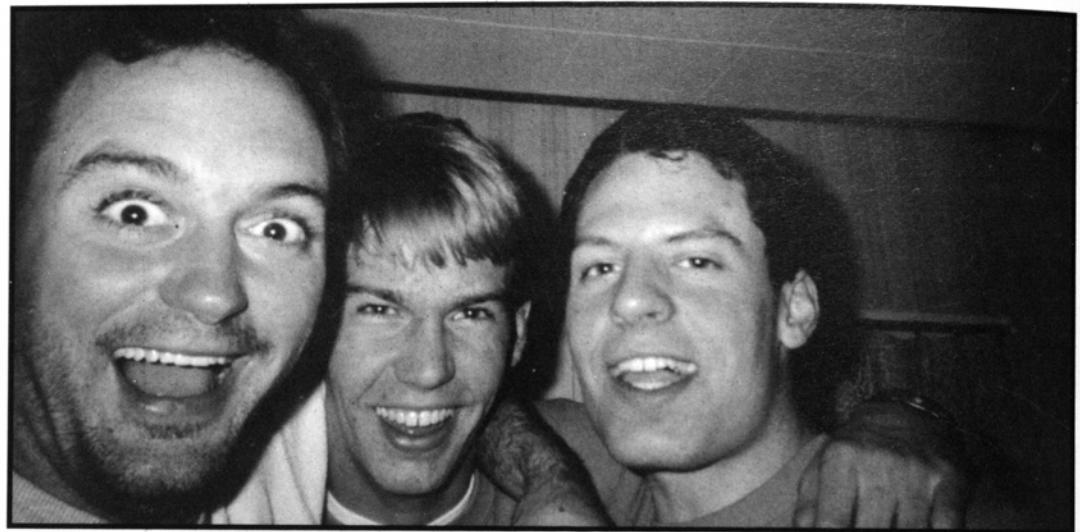

Bart, Crazy-Bob, & College.

Honor

Kappa Kappa Psi

Kappa Kappa Psi is the National Honorary Band Service Fraternity. We serve the band and help Dr. Stotter with many jobs. As always, we provide sodas for band members at home football games, place yard lines on the practice field, and rake leaves for the community. Along with

our sister organization, Tau Beta Sigma, we have organized the music library, published the band newsletter called the Horning In, and sponsored a band banquet at the end of each semester. This year was extra special for us, because we had the honor of hosting the Midwest District Convention.

The Society of Women Engineers is a national organization open to all students in engineering or engineering related fields. Our goals as a student chapter of SWE are to inform, assist, support, and network with the

students on campus and with the community. Throughout the year, SWE is involved in various activities which includes Evening with Industry, Women's Issues Colloquium, Students Awards Banquet, a high school conference, a

Christmas party for Big Brothers/Big Sisters, Girl Scouts "2+2", Science Fair Awards, and Engineering Day at the Forum.

Sports & Recreation

The Missouri School of Mines Spelunkers Club is the oldest organized cave exploring grotto in the state of Missouri. The MSM Spelunkers Club has been promoting caving since the mid-1930's, and continues to be devoted to locating, exploring, surveying/mapping, and preserving cave and karst

systems. Any interest from just enjoying a cave for esthetics to cave rescue training are offered to Club members. The purposes of the Club is to (1) bring people together who have an interest in the exploration, geology, surveying, photography, and preservation of caves and cave life; (2)

Spelunkers Club

promote and teach safe caving techniques; and (3) inform people, individuals and groups, of cave conservation and preservation. To show our commitment to the environment, the MSM Spelunkers Club removes trash from many local area caves and has also adopted a section of I-

44 for litter removal.

The MSM Spelunker Club was one of the founding grottos of the Missouri Speleological Survey (MSS), and continues to support their work. Missouri has over 5200 recorded caves, many of which are noted for their historical importance, scenic attractions,

MSM Spelunkers getting ready to go caving in Meramec State Park. From left to right: Kimberly Stewart, Rob Tayloe, Mike Scammaca, Anthony Hofeling, and Bart Potts.

MSM Spelunkers after crawling in a little mud at Meramec State Park. From left to right: Mike Scammaca, Anthony Hofeling, Bill Lynn, Kimberly Stewart, and Bart Potts.

Photographs submitted by the Spelunkers Club

recreational and scientific values, and as critical habitat for a variety of threatened and endangered species. The MSM Spelunkers Club tries to locate and protect all of the caves in our region. Other member grottoes of the MSS across the state have the same ambition. In Addition to the MSS, there

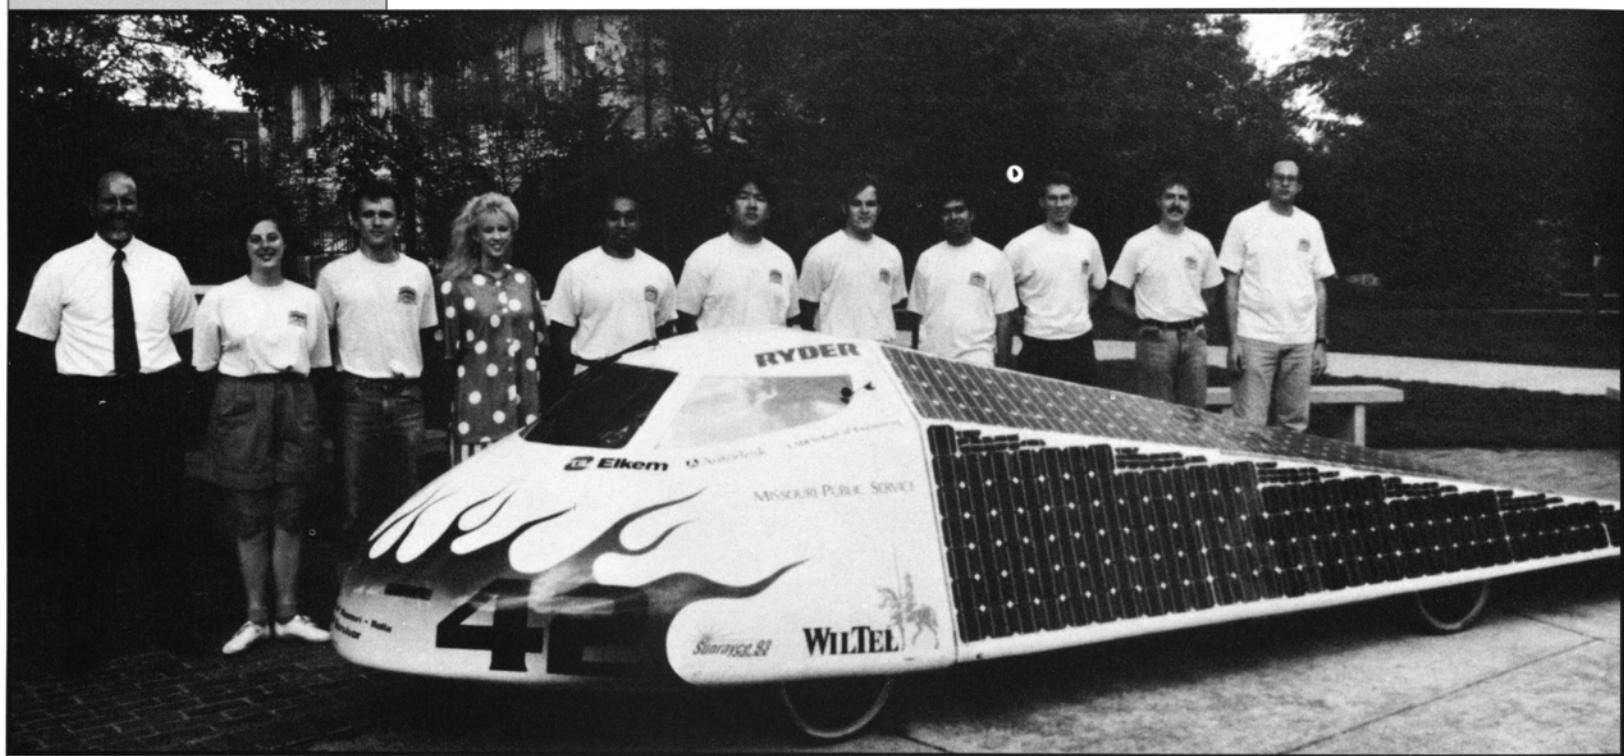

is a national caving organization, the National Speleological Society (NSS), that serves cavers across the country, and even other nations. And lastly, there is much caving-related information that can be accessed via computer mailing lists and BBS's.

Memberships are currently eight dollars per year or five dollars per semester. No previous experience is necessary; just a desire to cave, and learn more about them. Some of the benefits of being a member are use of Club equipment, access to caves that are not open to the "non-

organized caver", and multi-day caving trips, many to out-of-state areas. Our meetings are every Wednesday at six o'clock pm in room 204 of McNutt Hall. The club can be reached through campus mail in care of the Department of Geology/Geophysics.

The Student Council voice on campus currently consists of approximately 115 representatives. StuCo Officers during the '93-'94 school year were Ben Steltenpohl, President; Andrew Sears, VP of External Affairs; Clay Cooper, VP of Internal Affairs; Eric Hirsch, Treasurer; and Stacy

Doing, Recorder. Student Council has seven standing committees to achieve their goals and keep the student voice alive. Chairs of those committees are Neil Bacoski-Community Relations, Keith Blackford-Campus Improvements Committee, Matt Benz-External Funding

Committee, Shawn Erdman-University Relations, Josh Grove-Student Services Committee, Brandi Lear-Public Relations Committee, And Scott Rutenkroger-Campus Organizations Committee.

Governing

Student Union Board

In 1993-94 the Student Union Board brought a wide variety of activities and programs to UMR. National Shakespeare Touring Company, Second City, College Bowl, Gin Blossoms Concert, Tropical Paradise Homecoming, April Fools Comedy Series, Pumpkin Carving Contest, Virtual

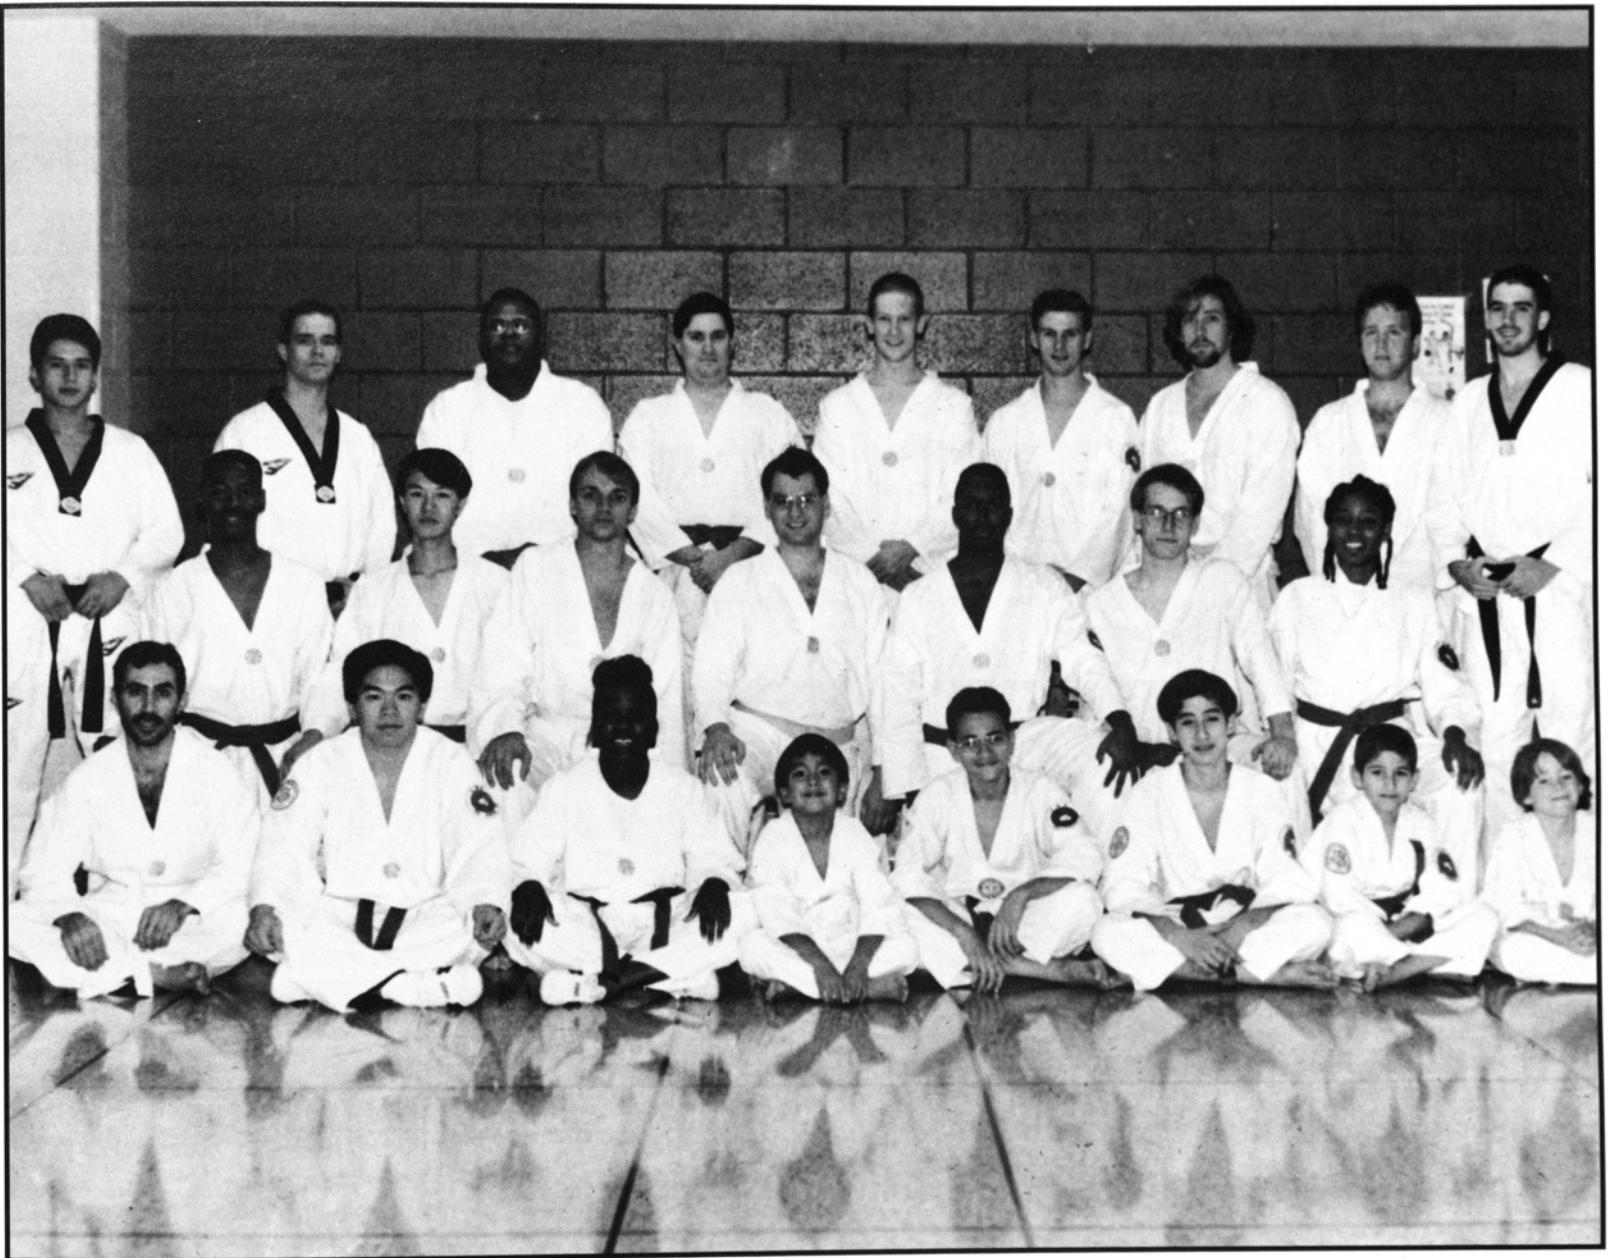

Reality, Fun Flicks, Indoor Soccer Tournament, Easter Egg Hunt, blockbuster movies like *Malice* and *Sliver* and more.

Student Union Board consists of concerts, performing arts, leisure and recreation, films and video, technical services, variety entertainment and special events committees.

Tau Beta Sigma is a national band sorority. Our purpose is to serve the various bands here at UMR. Throughout the year we work directly with the band director to keep things running smoothly and we help him out whenever possible. During marching band camp and home football games, we provide

water and cups for the band members. After all Jazz, Symphonic, and Marching band concerts we organize receptions for the audience and musicians at Castleman Hall. In an effort to increase interest in music, we have been sending small ensembles to play at local schools. This is the first year that we have done this, but we

hope to continue it in the future. Each year we also design and sell Marching and Jazz band T-shirts as one of our many fundraising projects. Our biggest project by far this year was hosting the Tau Beta Sigma-Kappa Kappa Psi Midwest District Convention. Although it was a great deal of work, it was a huge success.

Sports & Recreation

The UMR Miners started off the fall season by hosting our old rivals Vanderbilt and SIU-C. The result was yet another sweep of the competition as UMR took two games from Vanderbilt and another from SIU. UMR's Ed Midden and Paul Baudendistel proved to be a formidable force for the visiting Salukis as UMR dealt them a 14-0 shut-out.

UMR's first road trip was played at the Salukis den. SIU-C hadn't forgotten the shut-out and was

looking for blood. UMR had an easy road to the championship as Miami of Ohio and Vanderbilt proved to be little challenge. UMR's success in these games was due to the stellar play of Michigan great Ryan 'The Ghost' Hahn and Doug 'The Fossil' Cordier. SIU was ready for the championship game and came out firing. However, UMR took over in the second half due to Brian 'Povaratti' Schrameyer. Kurt Steinmann added a hat trick to seal the Salukis fate.

UMR ended their season at

Water Polo Club

the Jayhawk's pool. The competition proved to be easy as the Miners swept the tournament in three games. Keith 'The Bobber' Thompson came alive in the tournament adding his share of goals. The overall record was 10-0.

The team would like to thank Paul for all his work in his four years with the team and we would also like to thank all the fans that supported us through another successful season.

Commencement

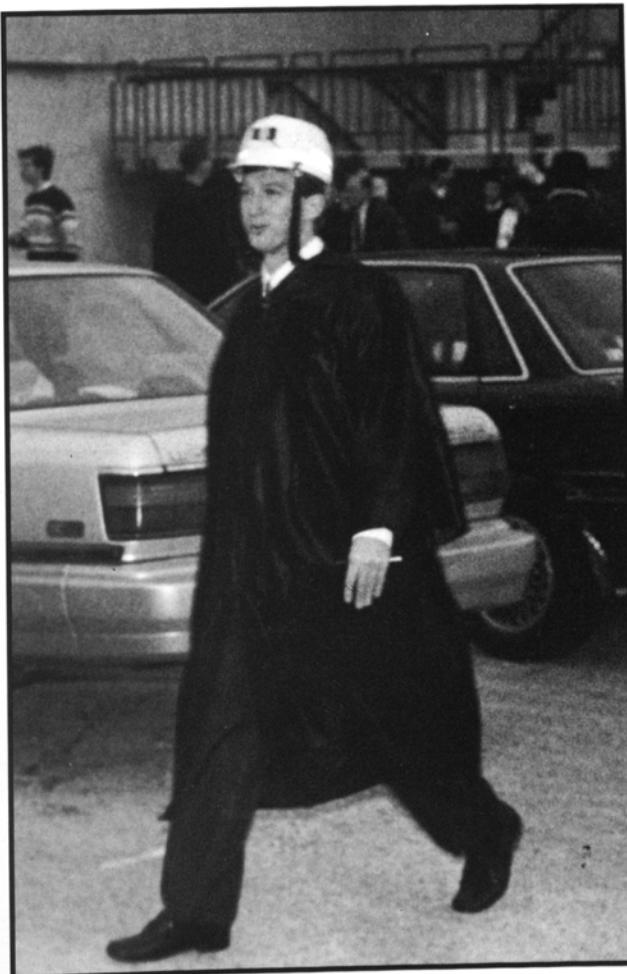

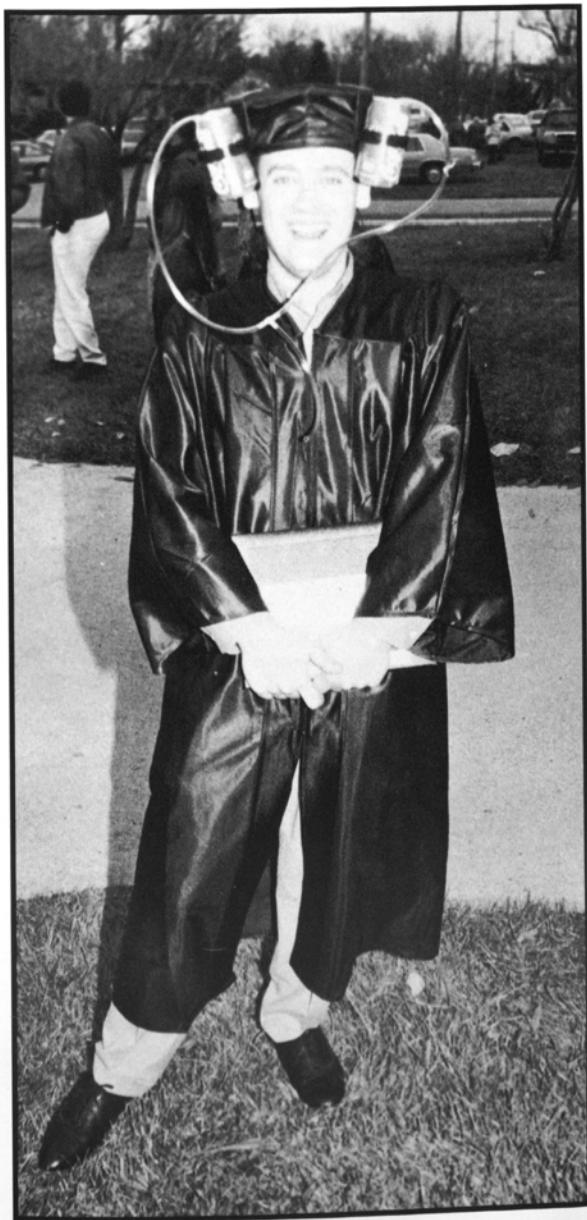

Please, let them pronounce my name right.

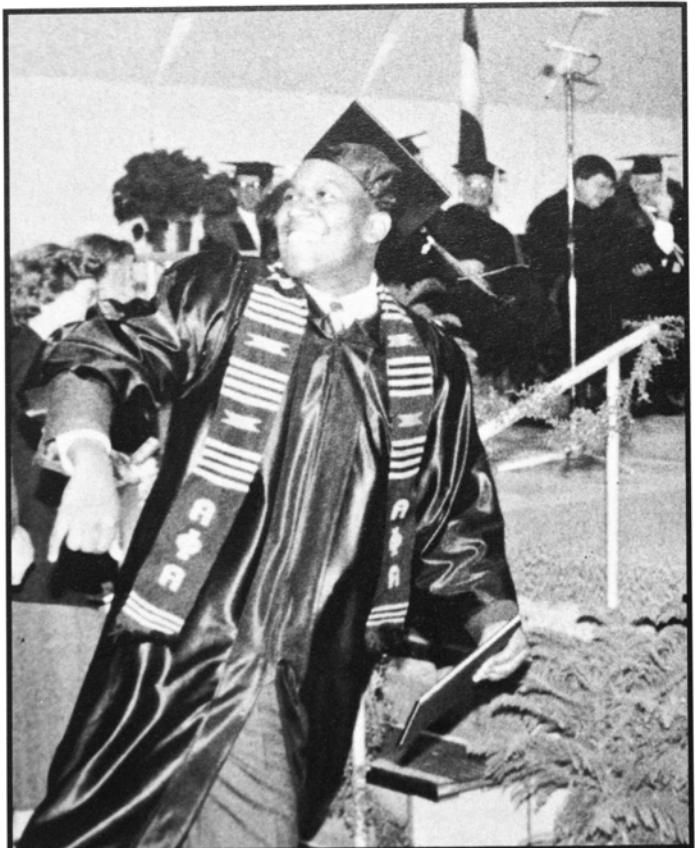

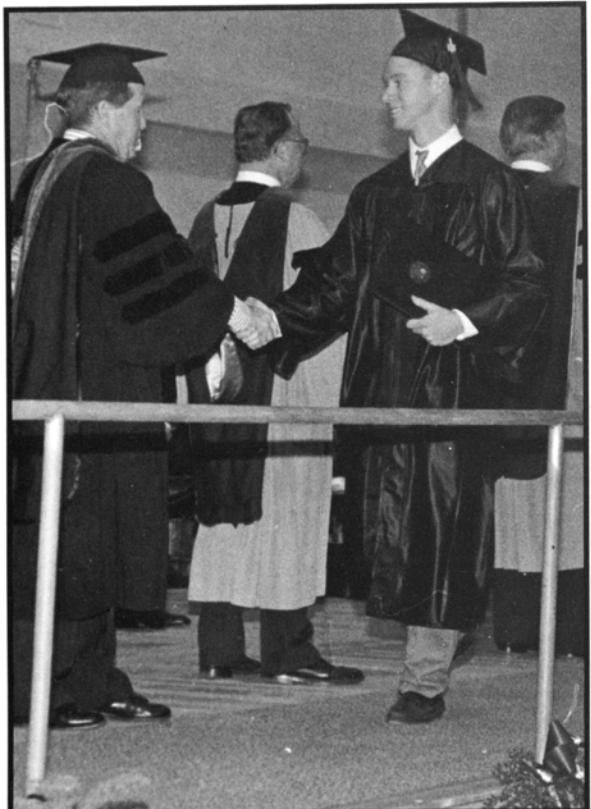

Pop Quiz: What was the graduation speech about?

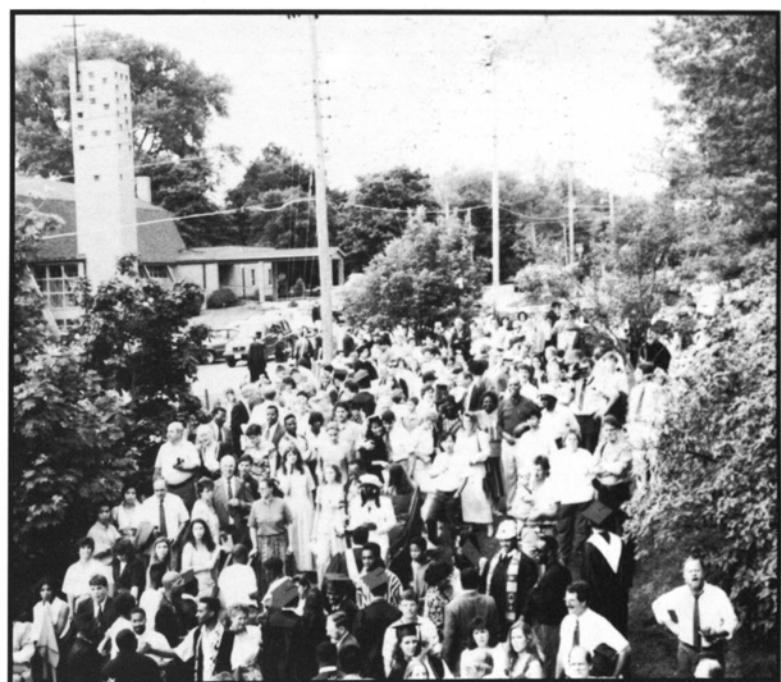

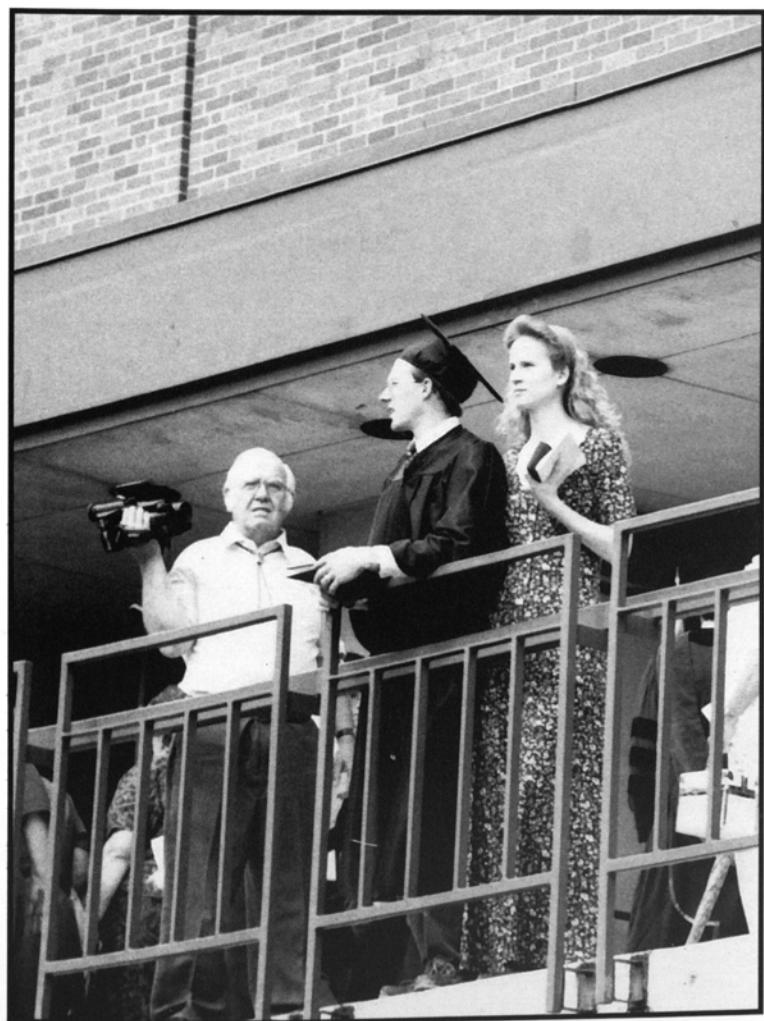

December graduates get creative with their mortar boards.

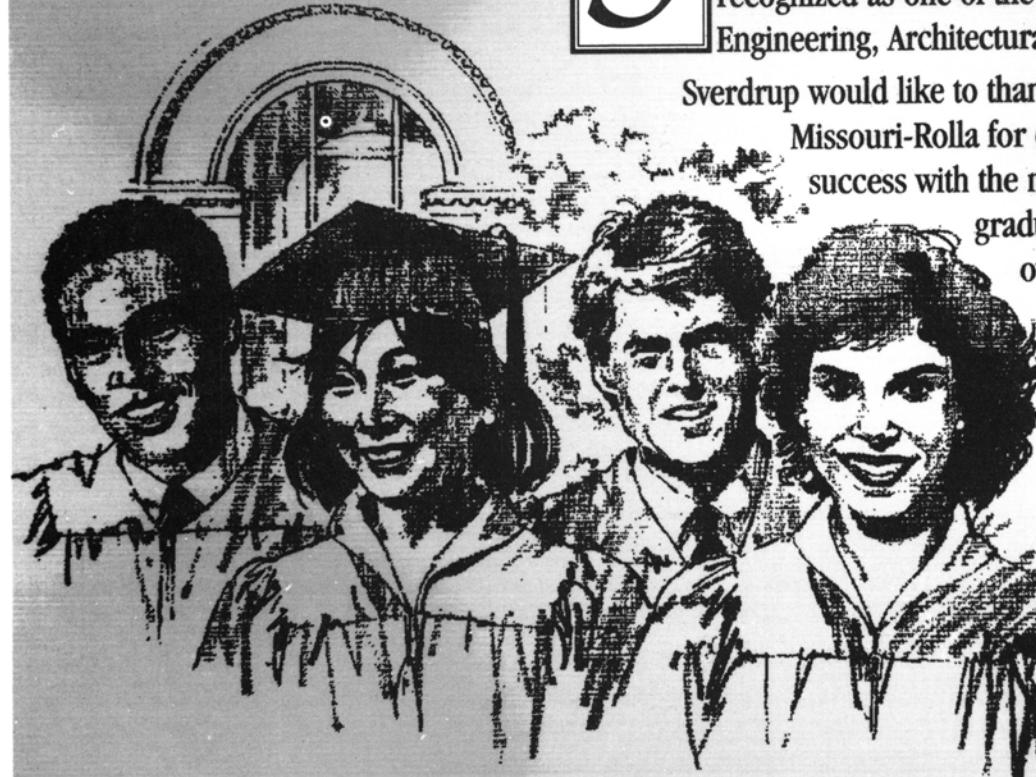

A good time was had by all, even the choir and orchestra.

The post-graduation search for one's friends and family can almost be as difficult as graduation itself.

S

ince 1928, Sverdrup Corporation has been recognized as one of the nation's leading Engineering, Architectural and Construction firms.

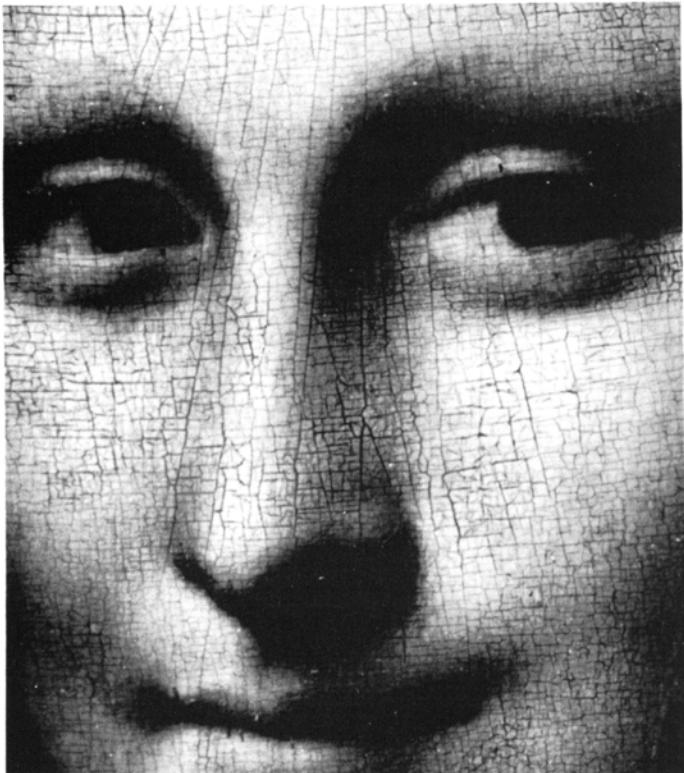

Sverdrup would like to thank the University of Missouri-Rolla for contributing to our success with the many outstanding graduates we've employed over the years.

On behalf of the management and employees:

Congratulations!
Class of 1994

Sverdrup

An EEO/AA Employer

Monsanto's does. Our Saflex® brand interlayer — commonly used in car windshields to prevent shattering — protects the enigmatic portrait of the *Mona Lisa*. That same material was also used in an intricate architectural addition to the Louvre museum itself. And those are just a few examples of how we've elevated our science to an art form.

Our researchers have also created one of the best drugs available for treating high blood pressure. Some are developing genetically improved crops — such as insect-resistant cotton. Others at The NutraSweet Company, a Monsanto subsidiary, recently perfected the first all-natural fat substitute.

At Monsanto, there's a world of opportunity we're passing on to the best and brightest college graduates — from biology and chemistry to a multitude of engineering and computer science disciplines. Opportunities to advance or support our work in high-performance chemicals, plastics, coatings and fibers. Life-giving pharmaceuticals. Agricultural chemicals and the biotech-based supertechnologies of agrigenetics. You provide the talent and motivation, we'll provide the tools.

From our \$150 million Life Sciences Research Center to a multi-million dollar annual investment in ongoing research, Monsanto is making an enormous commitment to the future. Millions of users and consumers are grateful for our leadership role in hundreds of products and technologies. What will your contribution be?

Please send your résumé to The Agricultural Group, a unit of Monsanto Company, 800 North Lindbergh Blvd., Bldg. C2NB, St. Louis, MO 63167, Attn: V.B. Martinez. We're an equal opportunity employer, m/f/d/v.

Monsanto

A World of Possibilities

For 79 years, **Black & Veatch** has been a leader in solving some of the world's most challenging issues facing the environmental, governmental, industrial and energy fields. Our growth provides graduating engineers the opportunity for on-the-job experience, career advancement, and professional development.

We challenge you to investigate the world of possibilities at Black & Veatch. Career opportunities are available in **Computer Science** as well as the following engineering disciplines: **Civil, Electrical, Mechanical, Chemical, Environmental, and Structural**.

For confidential consideration send resume to College Recruiting Coordinator, Dept. UMR 04/94
Black & Veatch, P.O. Box 8405, Kansas City, MO 64114.

Dr. Lance Williams

In closing, I'd like to dedicate this book to **Dr. Lance Williams**. For more than twenty years Dr. Williams has served as the *Rollamo* advisor. Many professors are advisors to campus organizations, but being an advisor to the *Rollamo* is truly unique. When most campus organizations wind down and cease operations at the end of the semester, the *Rollamo* is reaching critical mass. For as long as I can remember, the book has been finished just before the start of the Fall semester. For Dr. Williams, that means the summer is full of questions from stressed-out editors and confused publishers. Even when the book is finally finished there is no rest. The bid for the next book has to be written and sent out, editors and photographers have to be recruited, and next year's equipment and supplies must be bought. In addition to taking care of his teaching responsibilities, during the school year there are staff problems, money problems, and StuCo problems. As

Often, Dr. Williams has been the voice of wisdom for a "green" staff. "Will this look good? Can we do this? How much will it cost?" are common and difficult questions to answer. And, in dealing with the publishing house, there are many technical questions that can only be answered by an experienced professional.

Dr. Williams has always stood by the staff during difficult times like after the death of an editor in 1990. I, being the one who replaced him, especially appreciated Dr. Williams' concern, support, and encouragement. During the past four years that I have worked with him, I have found him to be a caring, helpful, and respectable advisor.

In conclusion, I believe I speak for the more than 60,000 students who have received one of your yearbooks—thank you, Dr. Williams, for the hard work, patience, and diligence in helping us remember our years in Rolla.

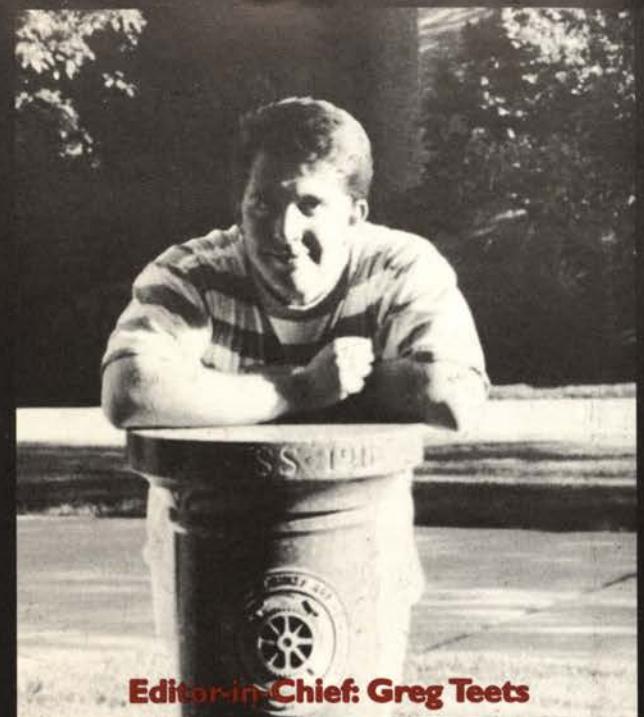

Greg Teets, Editor-in-Chief

Colophon

Volume 88 of the University of Missouri-Rolla 1994 *Rollamo* was printed by the Delmar Printing and Publishing Company of Charlotte, North Carolina. Layouts were done on Aldus PageMaker® 5.0 and submitted on disk to the publisher. Fonts used include Matura Script Capitals, Tekton, Gill Sans, Colonna MT.
